to be had.

The Building.

The building being a tenement comes under the supervision of the building inspector, and has been visited on several occasions by that department. The escape which is in the rear of the Morgan proper was considered as adequate for means of escape for the number of tenants and it was never dreamed that a fire would or could devour the rear building or dining-room, at the same time, as it was several feet to the rear. Assistant-chief Rebbeck, when asked what he thought regarding the means of escape being sufficient, said that to a casual observer they might have been deemed all that was necessary, but to one who has hunted as many fires as he has he would have

Suggested a Ladder

in the front of the building. J. H. Millar, whose wife was saved by jumping from a second story window, said that he had often talked with his wife regarding the poor means of escape in case of fire and only Thursday morning was speaking to a neighbor tenant regarding the same matter and it was the general belief that greater facilities for escape from the building should be provided.

A FIREMAN

Of 50 Years Ago and the Pension Fund.

Commodore Gardner received a letter from Rep. Pudney, Tuesday saying that a bill had been prepared and recommended to give Frederick Whitehead $1000 out of the fire pension fund. Whitehead left the department about 50 years ago, when it was still volunteer and has not been connected with it since. He claims to have been disabled while a member. The letter caused a good deal of comment and indignation among the officials and they intend to fight the bill with all means in their power. The pension fund belongs exclusively to the paid department and did not com

GRADUATING

Exercises at the Homeopathic Hospital College.

The commencement exercises of the Homeopathic Hospital college occurred, Tuesday evening. The graduating class was 25 in number, nine of its members being ladies. Two young men were granted decrees by the dental department of the college. Dr. J. C. Sanders, dean of the medical department, and Dr. S. B. Dewey, dean of the dental department, delivered addresses summarizing the work of the past year. The orator of the evening was Rev. Dr. B. F. Noakes who delivered an address on the physician's life, and the proper qualifications for his work. The valedictory was delivered by C. H. Rust, after which Rev. Dr. Leavitt, vice president of the board of trustees, conferred the degrees. An unique feature of this ceremony, was the placing by Dr. Leavitt upon the head of each graduate, of the black hood, the candidate at the same time being pronounced a doctor of medicine. The members of the faculty were all dressed in black gowns and caps.

The meeting of the Alumni association of the college was held, Tuesday afternoon. Dr. C. C. F. Cushing, of Elyria, was the orator of the occasion. Thirty new members were added to the association. A plan of university extension was adopted similar to that in operation among colleges and schools of science. In pursuance of this plan members of the faculty and association will lecture at different places during the year with a view to the diffusion of knowledge on medical subjects. Dr. Wm. Murdock, of Akron, was elected president of the association, and Dr. H. L. Frost, secretary. Dr. F. W. Burlingame, of McKeesport, Pa., will be the orator at next year's meeting.

The star is the best mark there is and C is correct every thing

Alice said to that Amy B. is
living with them and goes to
school and takes music
lessons and does, or helps with the work
morning and nights Grandma
hapitized her this winter
and belongs to their church
Eva Smith called for me
to go down with her and Ethel
on Deans Alley to look at some
houses for rent. so I am going
and mail this letter.
Your letter has been mis-
laid and I dont know
what questions you have
asked me.
Ma wants me to ask you
if you are in the ~~graduating~~
graduating class next
month or when you will
be I would like to come
up and see you then all of
us but I suppose we can't do.

Ella has at last got her dress made that you gave her and made it off of this very day. Archie has gone to bed in the room with Hoyt and I and Ella and Lloyd and Hoyt and I are in the front room and Lloyd and Ella are in the back room and went to our own junior and then stayed for Prayermeeting and then church in the evening, we left here at 3 and got home at 9 o'clock at night.

We received a letter from Alice and she said she saw Mrs Clark in Benton and she said that one of Henry Hartzells sons that seperated from his wife was living with them now and we suppose it is old dady.

We cant get G S H letter for Archie has got it in his trunk and the keys with him we will send it next time

him to

such a
all his life

School let out Friday for a week vacation and there wont be any this week and I can do a good deal of the work and let ma work at my dress.

I attend S.S. regular and am going today we have got a new libary at S.S. and I draw books today I want to get a book intitled My Only Brother but I will tell you what kind of a book I get when I come home from S.S.

Last Sunday I joined the Junior Society the girls have been wanting me to every since we come so I joined it last S. it meets

at the prayer of Sunday evening the is or 3 of my school mates live up this way and we can stay for church in the eve if we want to without going home I can go to church 5 times a day if I want to, I wish you was here to go long.

I dident get the kind of a book I wanted but got, minerals of the earth (a book called)

Monday afternoon.

Well we have did a big washing ma'd and we are very tird.

I went to Gounio yesterday and S.S. and in the afternoon some girls called for me to go down to the Presbyterian Gounior so we went then came bad

Morning

I

Cleveland O
Mar 26 1893.

Dear Sister Edith.
I recieved your packag
last evening and I
went down after it
but when I got home
and opened it I was
tickled half to death
O, the lovly things
that were inside were
just handsome it is
just what I have been
needing and wanting,
wont I see stilish though
I think that silk is
just handsome, and
the gloves match so
nice and I like the way
that you said to have
it made and I will

of want my summer
hat trimmed in red
for I will have to take
my last summers one
for school. then I will
have red dress red glo
and red on my hat
wont I be gay though
Edie how would it look
to have some of that
cream colord lace gathe
on at the wrist for you
know it matches the
dot in the silk. and
I dont know how in
the word I am ever
going to pay you but
I thank you thousan
ds and thousands of
times to think I had to
send to you to clothe me
and I suppose you can
hardly clothe your own self.
